

for immediate use

PRODUCT NOTE

INTRA
BiFUEL

Built on our 'Premium Tough' design philosophy, The Tata Intra BiFuel is India's First BiFuel Pickup (CNG+Petrol). Belonging to the versatile Intra range of Pickups, the Intra BiFuel offers uninterrupted operations and comes with a range of up to 800+ km. The efficient Intra BiFuel delivers lower TCO along with best-in-class comfort & convenience for varied applications.

Features:

- Class leading load body length of 2690mm (8.8ft)
- Highest Rated Payload capacity of 930 – 1000kg for BiFuel Pickup
- Higher strength and rigidity with Hydro-form chassis
- Better drivability with standard electric power steering
- Walkthrough cabin with dashboard-mounted gear lever
- Better fuel economy with modern efficient engine, Eco Mode Switch and Gear Shift Advisor
- Higher Ground clearance of 175 mm
- Connectivity features
- Engine start with CNG under specific conditions

Key Applications: Fruits and vegetables, food grains, e-commerce, LPG Cylinder, FMCG, Water Bottles and consumer durables

TATA MOTORS
